

**AMENDMENTS TO THE CLAIMS:**

Claims 1-20 (canceled)

Claim 21. (New) A dishwasher for washing items placed therein, comprising:

at least one dish rack;

said dish rack is configured without a mobile spraying device; and

the items placed in said dish rack are sprayed and washed with liquid supplied by at least one stationary spraying device.

Claim 22. (New) The dishwasher according to claim 21, including said stationary spraying device is configured as at least one spraying tube.

Claim 23. (New) The dishwasher according to claim 22, including each said spraying tube is fitted with a nozzle-like opening through which said liquid exits.

Claim 24. (New) The dishwasher according to claim 22, including each said spraying tube is located under said dish rack.

Claim 25. (New) The dishwasher according to claim 22, including each said spraying tube forms a rack component or a portion thereof of said dish rack.

Claim 26. (New) The dishwasher according to claim 22, including each said spraying tube is located under said dish rack in a meandering configuration.
